EXPERIENCE

Working Experience

Company Name	Position	Period	Website
RingZero Game Studio Co., Ltd	Senior Full Stack Developer	Dec - 2022 to present	https://www.ringzerogames.com/
Bagan Innovation Technology Co.,Ltd	Senior Developer	April-2018 to Oct-2022	http://www.bitmyanmar.com.mm/
SolidCad Technology Pte (Singapore Base)	Senior Developer	June-2015 to March-2018	http://www.solidplm.com/
Myanmar Technology Gateway Co.,Ltd	Senior Developer	May-2013 to May-2015	http://www.mtg.com.mm/
TrustLink Co.,Ltd	Junior - Senior Programmer	May-2011 to April-2013	http://www.trustlinkmm.com/

PROJECT EXPERIENCES

1. POS BackOffice Platform (2023 - present)

- Technology Used: Laravel, React JS, NestJS, CubeJS, MySQL
- Description: Developed a comprehensive POS BackOffice Platform comprising Liveboard, product information, shop management, announcements, survey questions, rewards system, redemption, and dashboard functionalities.
- Responsibilities: Full-stack development.
- Team Size: 4
- Website: [Portal](#)

2. POS Terminal (2023 - present)

- Technology Used: Laravel, React Native, NestJS, CubeJS, MySQL
- Description: Designed and implemented a POS Terminal system handling in-store sale transactions, online order management, stock adjustments, and staff management functionalities.
- Responsibilities: Full-stack development.
- Team Size: 4

3. Tharapa Livechat (2022 - present)

- Technology Used: Vue.js, Node.js
- Description: Developed the admin interface for Tharapa Livechat, enabling management of Facebook Messenger and Viber communications.
- Responsibilities: Front-end development.
- Team Size: 3
- Website: [Tharapa Livechat](#)

4. E-commerce (2020 - present)

- Technology Used: Laravel, MySQL
- Description: Created an E-commerce platform facilitating product sales, user authentication, cart management, wishlist functionality, and checkout processes.
- Responsibilities: API development and front-end design.
- Team Size: 2
- Website: [Tharapa E-commerce](#)

5. ChatBot and Social Media Data Analysis (BI Bot) (2018 - 2022)

- Technology Used: Laravel, Vue.js, Node.js, MySQL, MongoDB
- Description: Developed a Facebook Messenger Chatbot, CMS configuration, live chat integration, dashboard reporting, social media data analysis, and Facebook Graph API interaction.
- Responsibilities: Dashboard reporting, social media data crawling, analysis reporting, API development, Facebook Messenger API integration.
- Team Size: 3

- Website: [Tharapa AI](#) / [BI Bot](#) / [Chatbot](#)

6. Social Listener (BI Miner) (2018 - 2022)

- Technology Used: Laravel, Node.js, MySQL, MongoDB, Machine Learning APIs
- Description: Implemented a dashboard for social media data analysis, migration of data from MongoDB to MySQL, Facebook Page analysis reports, customer panel CMS, and sentiment prediction using machine learning.
- Responsibilities: Dashboard reporting, social media data crawling, data migration, API development, and machine learning integration.
- Team Size: 4 (2 ML Team + 2 Web Application)
- Website: [BI Miners](#)

C# AND VB.NET EXPERIENCE

1. SolidCad Technologies Website (2016)

- Developed a website using DotNetNuke (Dnn) CMS and ASP.Net, showcasing company information, products, and feedback.
- Sole contributor.
- [SolidCad Technologies Website](#)

2. Point Of Sale System (2013)

- Created a POS system for restaurants and retail stores using C#.Net and SQL Server.

3. Card Personalization System (2011 - 2012)

- Developed a card personalization system using C#.Net and SQL Server, involving card retrieval, printing, and data manipulation.

4. Labour Law Management System (2012)

- Developed a VB.Net application for managing labor and employer information, generating various reports, and facilitating data exchange between offices.

5. LEO System (Labour Exchange Office System) (2012 - 2013)

- Designed and implemented a VB.Net system for managing labor exchange processes, including labor and employer management, demand letter generation, and data exchange between offices.

6. HR Management System (2014)

- Developed an HR management system using VB.net and SQL Server, handling staff information, attendance, and payroll management.
